

Joint Base Charleston

Environmental Policy Statement

It is JB CHS environmental policy to integrate CARES into our everyday operations. In all activities, we will seek to:

- C**omply with all applicable laws, regulations and EO
- A**chieve continuous improvement in environmental performance over and above regulatory and legislative requirements
- R**educe pollution and work in partnership with all stakeholders to promote pollution prevention
- E**nvironmental excellence in all we do and integrate environmental information into all levels of management
- S**ustain the mission by protecting our natural infrastructure to ensure adequate resource capability for the warfighter through the minimization of encroachment and the protection of human health and the environment
