

Joint Base Charleston Environmental Management System JB CHS EMS

- EMS is a system for planning and achieving responsible environmental management through a continual cycle of improvement
- No matter where you work, your actions affect the natural resources needed to sustain the mission
- Everyone has a role and responsibility in the EMS
- Conforming to specified operating procedures in the work place will help reduce accidents, spills and potential fines, all of which could impact the success of JB CHS mission

Ways you can support your EMS:

- ✓ Turn off lights when rooms are vacant
- ✓ Switch computer monitors off when not in use
- ✓ Dispose of hazardous chemicals responsibly
- ✓ Follow environmental and safety regulations
- ✓ Conserve water-report leaks
- ✓ Purchase green products
- ✓ Reduce, reuse, recycle
